## The Great Sale of Saks & Co.'s Stocks Is Still in Its Infancy.

Many valuable bargains are yet to be unearthed. This immense purchase must be closed out if it takes forcible means. Cut prices must do the work. Our desire to reduce where stocks are the heaviest is plainly evident in these extraordinary values. Most anyone ought to have courage enough to attack such bargains as these. What we offer is seasonable and desirable. We have always given the greatest amount of good merchandise for money you expended. Then, why should we hesitate at this opportune time to do as we have done in the past? Instructions have come from headquarters to force as many of Saks & Co.'s goods from our shelves and counters as quick as the same could be accomplished. Here are some of the best things we could possibly select for the second week of the greatest of all sales:

the front, and is now known in every city, town and hamlet in the country. staunchest friends are those who have known it longest and have witnessed its wonderful curative powers in their own families or among their friends and wonderful character powers in their own lamines of among their friends and acquaintances. Grateful patients in all parts of the country tell of their restoration to health and happiness, and the testimony of these is the highest evidence of the medicine's worth. S. S. S. a more popular today than ever in its history—no other remedy stands so high, has ever given such perfect satisfaction or is so reliable in the cure of Cancer, Rheumatism, Catarrh, Contagious Blood Poison, Scrofula, Eczema, Psoriasis, Salt Rheum, Acne, or any disease that originates in the blood. Being strictly a vegetable preparation, you will find it agrees with you much better than a drug store concoction or any of the widely advertised potash and mercury remedies, which affect the bones, muscles and stomach, causing

Rheumatism or Dyspepsia. If you have never tried S. S. S., you will be surprised at the immediate good effects, for no sooner does it get into the circulation than the appetite increases; you grow stronger, and gradually but surely it drives out the poisons and restores the blood to a healthy condition. If there is a sore or ulcer on the body, it begins to heal around the edges, the discharge finally ceases and the place gets well; muscular and bone pains vanish, and the skin is relieved of all itching, irritating eruptions. Nervous, run down and anaemic people will find S. S. S. just the medicine they need, for blood poverty and illy nourished nerves are responsible for their condition. For old people and and thy nourshed nerves are responsible for their condition. For one people and children S. S. Is no equal; being free from all minerals, it does not nauscate or have any injurious effect whatever, and keeps the blood in good condition, thus fortifying against disease. Experience teaches what is good and what is not good; this applies particularly to medicine, and S. S. S., a remedy that has retained the

confidence of the people for nearly 50 years, must have merit—ir cures, is the secret of its success. When you call for S. S. S. don't be persuaded to accept something else—fiere is no substitute for S. S. S. It is the only guaranteed purely vegetable blood purifier, and the safest and best for all blood and skin troubles. Do not let them force an inferior mineral remedy on you because there is a larger profit in it. If you have any blood or skin dis-

ease, don't hesitate to write us about it; our physicians will carefully consider your case and advise you without charge. Book on Blood and Skin Diseases free.
